

Thank you for choosing Western Wisconsin Health Roberts Clinic for your functional medicine needs.

Enclosed you will find the paperwork to fill out for your consult and a print out of your scheduled appointments. The provider would appreciate if this paperwork could be dropped off, mailed or faxed back to us prior to your visit so that it can be reviewed.

In order for the provider to give you the best plan of care, we request that you contact any healthcare organization, outside of Allina, to release your healthcare records to Western Wisconsin Health. The types of records that are helpful include recent lab results, imaging results with the reports, recent office visit notes and sleep study results.

Please request the records at least 3 weeks prior to your consult to allow time for processing.

If you have not given us your insurance card or a photo ID it would be appreciated if you could send us front and back copies of each to be scanned into your account. You can email this to patient.access@wwhealth.org.

We encourage you to check with your insurance provider to make sure that our clinic and practitioner are within your health network.

You will need to check in 30 minutes prior to your consult for rooming time with the assistant. If you arrive late or paperwork is not complete your time with the provider will be shorter.

If you have any questions or concerns please feel free to reach out to us.

The Grand Total Score will help you and your clinician decide if your health problems are yeast connected. Scores in women will run higher as seven items in the questionnaire apply exclusively to women, while only two apply exclusively to men.

Men	Women	Interpretation
40 or below	60 or below	Yeast is less apt to cause health problems
41-90	61-121	Yeast-connected health problems are possibly present
91-140	121-180	Yeast-connected health problems are probably present
141 or higher	181 or higher	Yeast-connected health problems are almost certainly present

Please add up your totals from each column, then add up the 4 column totals: _____ This is your first score. Score from Section 1:

Section 2

Now, please check off each incident you can answer yes to with the following questions:	
1. You have had a tick bite with no rash or flu-like symptoms.	 3 points
2. You have had a tick bite, an Erythema migrans or undefined rash, followed by flu-like symptoms.	 5 points
3. You live in what is considered a Lyme endemic area.	 2 points
4. You have a family member diagnosed with Lyme and/or tick borne infections.	 1 points
5. You experience migratory muscle pain.	 4 points
6. You experience migratory joint pain.	 4 points
7. You experience tingling/burning/numbness that migrates and/or comes and goes.	 4 points
8. You have received a prior diagnosis of Chronic Fatigue Syndrome or Fibromyalgia.	 3 points
9. You have received a prior diagnosis of a non specific autoimmune disorder (Lupus, MS, Rheumatoid Arthritis).	 3 points
10. You have had a positive Lyme test (ELISA, Western Blot, PCR).	 5 points

Please add your points from Section 2 + Score from Section 1 = (This is your Ongoing Score)
